

Sponsorship Opportunities

The Sustainable Jakarta Convention is a powerful business development tool for you to reach your target market, as well as to establish your company's credentials in sustainable development. Come meet and explain your ideas to key influencers who attend the convention.

With one cost-effective investment, Sustainable Jakarta Convention will:

- Put your CEO on the same platform as your top prospects
- Build your brand with the decision-makers
- Give you added mileage with the various marketing channels
- Get your message across to your audience memorably and effectively

Targeted Participants

- Decision makers: developers, investors, project owners, and government representatives
- Influencers: government, NGOs, city planners, financing agencies.
- Professionals: urban planners, architects, engineers, construction professionals, investment bankers.
- Eco-friendly industries: energy services, and generation, eco-friendly building materials and appliances, building maintenance and services.
- End users who have awareness on sustainability in built environment and sustainable construction.
- University and other research communities.

Around 800 people are expected to attend each day.
